Our Healing Work in the World

Welcome and Announcements

Prelude

Call to Worship/Opening Prayer:
God of Easter,
we gather in this season of celebration.
God of Life, we praise you for the signs of new life we see bursting forth around us. God of Hope, we look around for signs of the Kingdom, those things that bring hope to our lives. God active in our world, in this time of worship renew us, remind us that we are agents of your love and hope, send us out to carry your promises to the world around us.
